MORE HONORS FOR AN OLD SERVANT A NEW TROOP

Frank D. Hobbs has been receiving the congratulations of his many friends for the past day and a half, over the honor that has come to him in the nature of his reappointment to the position of register of the Salt Lake land office. Mr. Hobbs was first appointed to this position by the late President Harrison in 1889, but of course was obliged to retire during Cleveland's administration. But his efficiency and worthiness were well remembered both by friends here and in the east, and on April 16, 1898, through their efforts he was reinstated by President McKinley. Mr. Hobbs is an old Union soldier and deserves well of his country. He has long suffered the discomfort of a physical impairment, the result of incarceration in a Southern rison during the late unpleasantness between the North and South, but it has in no way interfered with his usefulness as a public servant. Mr. Hobbs is an expert in his line, and his friends hope he will be the register for a long time to come

NEVADA MIDLAND TO BEGIN WORK.

President Simon Bamberger Brings Good News from East.

TO TAP TONAPAH DISTRICT.

New Line will be 202 Miles in Length. Standard-guaged and in Every

President Simon Bamberger of the Nevada Midland, which was incorporated in the east a few days ago, this morning announced that construction on the new road into the famous Tonapah mining district in Nevada will be commenced at once. The line when completed will be 202 miles in length, standard gauge throughout, and in every respect up-to-date both as regards equipment and roadbed.

"The line will start at Battle Mountain on the Southern Pacific, following the right-of-way of the narrow gauge Nevada Central which we have acquired to Austin," said Mr. Bamberger this morning, "At Austin Junction, three miles below in the valley we propose to construct 120 miles of new roadbed to Tonapah, which, with the 90 miles of the old narrow guage, which will be widened, will bring the total length of the road to 202 miles."

In answer to a question Mr. Bamberger emphatically stated that work would be commenced at once.

Associated with Mr. Bamberger in this enterprise, which means so much for the development of the mineral resources or the state of Nevada, are J. E. Hulshizer of Jersey City and Manuel Hirsh of New York.

Mr. Bamberger has been in the east for the past three months working on and perfecting the project and he feels in a very good humor loday on his return to be in a position to say that dirt on the new railroad will be flying within a few weeks

Will Move April 1.

General Superintendent E. E. Calvin stated this morning that after inspect ing the new quarters for the general offices of the Oregon Short Line in the Deseret News building that the com-pany would not move in until April 1. The delay is occasioned by the railroad companies, who are handling the shipments of metal doors for the various offices in the building failing to deliver the cars.

There is an exodus of Rock Island men today. General Agent Oglesby goes to Denver tonight, Traveling Pas-senger Agent Drake is en route for Butte, Yundt has gone south, and Tre-whela left for Idaho.

The Oregon Railway & Navigation company's boats which have been tied up at Lewiston, Idaho, during the cold weather, have resumed regular daily trips between Lewiston and Riparia. The rivers are now practically free from ice and further interruption of river navigation is not expected.

It is announced in Spokane that plans are being formed for a new railway to run north from Spokane to a junction with the Canadian Pacific at Trail, B. C. The route proposed is to run north-west from Spokane, crossing the Indian reservation and striking the Columbia near Fruitland. It then follows the east bank of the river to a point near Kettle Falls, crosses the stream and continues up the west bank to Trail. B. C. The names of the road's backers are withheld but it is said that if built the line will probably be controlled by the Canadian Pacific. It would pass through fruit and farming lands and timber and mineral and marble dis-

PUT IN FIELD LAST NIGHT.

Summers, Captulu; Ray, First Lieutenant; Savage, Second Lieutenant-

"Gentlemen, you will please removyour hats and hold up your right hands, and be sworn in to the service of the State of Utah. The speaker was Brigadier General Cannon, the parties addressed were members present of the new cavalry troop of the National Guard, and the 'scene of operations" was the state ar mory last evening. Thirty-seven young men, military buds of promise, and future repositories of martial lore, stood up in double rank as their names were called by the commanding general and answered to their names preparatory to being sworn in. They were a good looking and enthusiastic crowd and there was every reason to believe that will be a credit to themselves and the state

PERSONALS.

SPIRITUALISM-MADAM GEYSER WHO

SPIRITUALISM—MADAMGEYSER.WHO will be in Salt Lake a short time only, is a veritable wizard. A necromancer, a magician, a witch who would have been burned at the stake in the days of Ootton Mather. Her history is as strange as her profession. The blood of many nations flows in her velus, and makes her cosmopolitan. She lived among the Brahmas for many years; in the summer of '22 came to Montana, where she has converted the greatest skeptics to believe in the method of her science. She can be consulted at the St. James Hotel, South Maln Street.
